

# Sealing Coater

---

## HCS112 Sealing Tape Coater

**Application:** Suitable for sealing tape.  
Material: PET/BOPP/HDPE  
Adhesives: Oil and water-based adhesives

**Specification:**

Product width : 10mm or 15mm	Even coating thickness : $\pm 0.0015\text{mm}$
Production capacity : 12 rolls	Product diameter : 370mm(1000M)
Speed : 10-15M/min	Main motor : 1/2 HP
Material diameter : 400mm	Rewinding motor : 1/2 HP
Paper tube inner diameter : 3"	Drying power : 10kw
Coating thickness : 0.02-0.05mm	

**Feature:**

1. Coating methods: Extrusion coating.
2. Drying & heating methods: Electric heater.
3. Temperature control: Auto-temperature control.
4. Unwinding types: Single-shaft multi-roll synchronous unwinding.
5. Rewinding types: Double-shaft multi-roll rewinding.
6. Tension control: Manual.
